

Bendigo Senior Secondary College R5659

Apply OHS requirements, policies and procedures in the construction industry

CPCCWHS2001

Course Overview

This unit of competency specifies the mandatory work health and safety training required prior to undertaking construction work. The unit requires the person to demonstrate personal awareness and knowledge of health and safety legislative requirements in order to work safely and prevent injury or harm to self and others. It covers identifying and orally reporting common construction hazards, understanding basic risk control measures, and identifying procedures for responding to potential incidents and emergencies. It also covers correctly selecting and fitting common personal protective equipment (PPE) used for construction work.

Please note This course is only open to BSSC enrolled students.
